

SUMMARY OF AMENDMENTS
THE DESIGN, SUPPLY, INSTALL, IMPLEMENT, COMMISSION, MAINTENANCE AND SUPPORT
OF
IT NETWORK INFRASTRUCTURE REFRESH PROJECT
TENDER REFERENCE: BELTS/IT/2025/1A

No.	ITT Section / Appendix / Schedule	Clause / Schedule / Table	Details of original version	Details of revision	Remarks
1	Section 2– Technical Specification and Requirements	2.1 Deployment Sites Under Clause 2.1.1.1	2.1.1.1 BELTS Primary Data Center, UNN Colocation, Kampong Tungku	2.1.1.1 BELTS Primary Data Center, UNN Colocation (UNN site to be confirmed at a later date)	Refer to ITT Section 2 – Technical Specification and Requirements BELTS-IT-2025-1A revised 28.11.2025.pdf
2	Section 2– Technical Specification and Requirements	2.1 Deployment Sites Under Clause 2.1.3	2.1.3 The Tenderer shall propose all network equipment/appliances that come with redundant power supply components at all the deployment sites.	2.1.3 The Tenderer shall propose all network equipment/appliances that come with redundant power supply components for connection to Uninterrupted Power Supply (UPS) systems at all the deployment sites	Refer to ITT Section 2 – Technical Specification and Requirements BELTS-IT-2025-1A revised 28.11.2025.pdf
3	Section 2– Technical Specification and Requirements	2.1 Deployment Sites Under Clause 2.1.4	2.1.4 All network appliances and server (if any) must fit into existing racks at all deployment sites.	2.1.4 All network equipment/appliances must fit into existing racks at all deployment sites. These existing racks are equipped with existing UPS system	Refer to ITT Section 2 – Technical Specification and Requirements BELTS-IT-2025-1A revised 28.11.2025.pdf
4	Section 2– Technical Specification and Requirements	2.1 Deployment Sites Under Clause 2.1.5	2.1.5 The Tenderer shall supply and install additional racks for the following deployment sites and requirements;	2.1.5 The Tenderer shall supply and install new additional racks and new UPS system for the following deployment sites and requirements;	Refer to ITT Section 2 – Technical Specification and Requirements BELTS-IT-2025-1A revised 28.11.2025.pdf
5	Section 2– Technical Specification and Requirements	3.6 Data Migration Under Clause 3.6.1	3.6.1 Where applicable, the Tenderer shall submit a detailed and comprehensive Data Migration Plan in Schedule 11 of Section 3 – Tender Schedules should the Tenderer identified and proposed any data migration needed for this project. Data Migration Plan shall provide information on how the data migration effort shall be conducted.	3.6.1 Where and if it is deemed applicable, the Tenderer shall submit a detailed and comprehensive Data Migration Plan in Schedule 11 of Section 3 – Tender Schedules should the Tenderer identified and proposed any data migration needed for this project. Data Migration Plan shall provide information on how the data migration effort shall be conducted.	Refer to ITT Section 2 – Technical Specification and Requirements BELTS-IT-2025-1A revised 28.11.2025.pdf
6	Section 2– Technical Specification and Requirements	3.6 Data Migration Under Clause 3.6.2	3.6.2 The Data Migration Plan shall indicate the proposed methodology for transferring data from BELTS Microsoft Exchange Email and Data Storage & Backup systems and platforms to the new and upgraded systems, including but is not limited to: 3.6.2.1 Breakdown of Data Migration activities; 3.6.2.2 Description of Data Items required for the proposed solution to operate; and, 3.6.2.3 Description of method used for Data Migration.	3.6.2 The Data Migration Plan shall indicate the proposed methodology, including but is not limited to: 3.6.2.1 Breakdown of Data Migration activities; 3.6.2.2 Description of Data Items required for the proposed solution to operate; and, 3.6.2.3 Description of method used for Data Migration.	Refer to ITT Section 2 – Technical Specification and Requirements BELTS-IT-2025-1A revised 28.11.2025.pdf
7	Section 3- Tender Schedules	Schedule 10- Integration Plan	10.1 Tenderers shall provide an Integration Plan which describes a logical and planned approach with related activities for the integration of the upgraded Microsoft Exchange Email system to the existing BELTS Fortimail 200F email gateway appliance. 10.2 Tenderers shall include in the Integration Plan: a. High-Level Architecture Diagram of the proposed solution and its interfaces to BELTS Fortimail 200F email gateway appliance; b. Identification of integration interfaces and the proposed method of integration; c. Proposed resource or access requirements for integration; d. Description on the use of any hardware or software for the purposes of integration, and to ensure costs and description for the deployment of the required hardware and software is included in Schedule 6 and 7 respectively; e. Alternative options for integration (if available); and, f. Sequence or timeline of integration activities, and their duration.	Not applicable and no submission of this Schedule 10 is required.	Refer to ITT Section 3 - Tender Schedules BELTS-IT-2025-1A revised 28.11.2025.pdf
8	Section 3- Tender Schedules	Schedule 11- Data Migration Plan Under Clause 11.1	11.1 Where and if applicable, Tenderers shall provide a Data Migration Plan which describes a logical and planned approach for the data migration effort for the transfer of information from the existing BELTS Microsoft Exchange Email and Data storage system, to the new network systems.	11.1 Where and if it is deemed applicable, Tenderers shall provide a Data Migration Plan which describes a logical and planned approach for the data migration effort.	Refer to ITT Section 3 - Tender Schedules BELTS-IT-2025-1A revised 28.11.2025.pdf
9	Appendix 3- Tender Proposal Document Checklist	Table A- Technical Proposal	10 Schedule 10 – Integration Plan □	This Schedule 10 is removed from this Table A as it is no longer applicable and no submission is required.	Refer to Appendix 3 - Tender Proposal Document Checklist BELTS-IT-2025-1A revised 28.11.2025.doc
10	Appendix 3- Tender Proposal Document Checklist	Table B - Commercial Proposal	Schedule 11 - Price Summary and Payment Terms. Schedule 13 - Tenderer's Declaration (Appendix 1 - Tenderer's Declaration).	Schedule 17 - Price Summary and Payment Terms. Schedule 18 - Tenderer's Declaration (Appendix 1 - Tenderer's Declaration).	Refer to Appendix 3 - Tender Proposal Document Checklist BELTS-IT-2025-1A revised 28.11.2025.doc
11	Schedule 14- Statement of Compliance Matrix	Annex B	12. Integration Plan 13. System Integration Test Plan 14. System Integration Test Report	Deletion of Clauses 12–14. Subsequent clause numbering adjusted accordingly.	Refer to schedule 14 - Statement of Compliance Matrix BELTS-IT-2025-1A revised 28.11.2025.xls
